RESPONSIBLE OFFICE
For questions about this policy, please contact the Office of Student Life (541-346-3216) or the office of the University Registrar (541-346-2935).

ENACTMENT & REVISION HISTORY
[Redacted to save space in this draft document]

POLICY
Upon learning that a student has died, the Vice President for Student AffairsLife, with appropriate consultation from Academic Affairs, will confer with the University Registrar, and, if applicable, the Dean of the Graduate School or Dean of the School of Law, to determine if the student is eligible for a posthumous degree. If the student possessed the necessary academic credentials at the time of death, and if the family wishes, the Vice President for Student Affairs Life shall recommend that the University President authorize the posthumous issuance of the degree.

To receive a posthumous degree, at the time of death, the University Registrar must confirm that a student was (a) officially enrolled or (b) actively pursuing degree completion and within two terms of degree completion, that is, the current term and one additional term/semester.
If the student meets the above criteria, the University Registrar shall consult with the student’s major department(s), and the dean of the Graduate School or Law School when appropriate, to evaluate the student’s academic record to determine if satisfactory completion of current course and/or completion of one additional term/semester would have satisfied all major course requirements as stipulated by the department(s). If a thesis or dissertation would have been required for graduation, the dean of the Graduate School or Law School shall consult with the chair and members of the thesis or dissertation committee to determine whether the student could have completed and defended the thesis or dissertation during the current or subsequent term or semester.

The relevant dean(s) and department chair(s)/head(s) shall be notified of a final determination.

Exclusions and Special Situations: Exceptions to the policy will be made by the University President based on a recommendation by the Provost to the University President.

Procedures:

I. Undergraduate: Baccalaureate Degree Candidate

A. The Vice President for Student Affairs shall inquire of the University Registrar.

1. At the time of death, was the student a) officially enrolled or b) actively pursuing degree completion within one term of graduation?

2. Would the student have met all general education requirements for a degree, had s/he had the opportunity to a) complete the course work for which s/he was registered at the time of death or b) to complete coursework within one additional term? [EDITOR’S NOTE: This section A was incorporated into new paragraph 2]

B. If the answers to the two questions above are both yes, the University Registrar shall ask the student’s major department(s) to evaluate the student’s academic record to determine if satisfactory completion of current course enrollment(s) and/or completion of one additional term would have satisfied all major course requirements as required by the major department(s). [EDITOR’S NOTE: This section B was incorporated into new paragraph 3]

C. If all the above conditions are met, the University Registrar shall notify the Vice President for Student Affairs who, with appropriate input from Academic Affairs, shall consult with the University President. At the University President’s direction, the Vice President for Student Affairs shall contact the deceased student’s immediate family to determine whether the family is receptive to the University’s granting a posthumous degree.

D. If affirmative, the University President may then direct the University Registrar to record final grades of “P” in classes in which the student was enrolled, record the award of the degree, order the appropriate diploma, and arrange for the appropriate listing in the commencement program and official degree lists.
E.—The University President shall write a letter to the appropriate family member(s) announcing the honor of the posthumous degree and the date of the commencement ceremony at which the degree will be granted.

II. Graduate: Graduate or Law Degree Candidate

A.—In consultation with Academic Affairs, the Vice President for Student Affairs shall inquire of the major department and Dean of the Graduate School or Dean of the School of Law whether the student, upon satisfactory completion of current course enrollments or one additional term of enrollment, would have satisfied requirements for the degree, and whether a thesis or dissertation would have been required for graduation.

B.—If a thesis or dissertation would have been required, the Dean of the Graduate School or Dean of the School of Law shall consult with the chair and members of the thesis or dissertation committee to determine whether the student could have completed and defended the thesis or dissertation during the current or subsequent term or semester. The Dean of the Graduate School or Dean of the School of Law shall be informed of the determination. [EDITOR’S NOTE: This Section II.B was incorporated into new paragraph four]

C.—If the student reasonably could have completed all requirements for the degree, then the Vice President for Student Affairs shall proceed according to I.C. et seq. above.

III. Exceptions to the policy will be based on a recommendation by the Provost to the University President.
