

## POLICY CONCEPT FORM INSTRUCTIONS AND GUIDELINES

**All policy proposals – including new policy concepts, proposed revisions, or suggested repeals – must be submitted via this form to the Office of the University Secretary with appropriate supporting information and documents.** Completed submissions are forwarded to the President’s Policy Advisory Council (PAC), which ensures proper routing through the policy-making process. (See UO Policy I.03.01 for more information.)

**Please keep the following definition of a university policy in mind as you develop your concept:**

*A University Policy (“Policy”) is a policy that (1) has broad application or impact throughout the University community, (2) must be implemented to ensure compliance with state or federal law, (3) is necessary to enhance the University’s mission, to ensure institutional consistency and operational efficiency, or to mitigate institutional risks; or (4) is otherwise designated by the Board [of Trustees] or the President [of the University] as a University Policy.*

*A policy establishes rights, requirements or responsibilities. Excluded from this definition are things such as, but not limited to, implementation guides, operating guidelines, internal procedures, and similar management controls and tools.*

**To help facilitate as smooth a process as possible, please consider the following:**

1. Consult as many stakeholders as possible *prior to submitting* your concept. A primary role for the PAC is to ensure that appropriate offices, departments or groups are consulted.
2. Run your concept by the Office of General Counsel (OGC) *prior to submission*. OGC review is a required step in policy-making.
3. Please use the proper template for revisions or a new concept. The existing policy template (revisions) or a blank template (new concepts) can be obtained from the Office of the Secretary by emailing [uopolicy@uoregon.edu](mailto:uopolicy@uoregon.edu).
4. A “redlined” version of your concept is required for proposed revisions.
5. Include any appropriate related resources. Links are preferred, but supplemental documents are of course acceptable for items not online. Examples include:
  - Other policies or procedures related to, overridden by, necessary as a result of, or otherwise affiliated with your concept
  - Statutory or regulatory citations
  - Necessary notations or a summary of changes if changes are numerous or not obvious when reading the submitted template

**Please email [uopolicy@uoregon.edu](mailto:uopolicy@uoregon.edu) if you have any questions.**

HAS THE OFFICE OF GENERAL COUNSEL REVIEWED THIS CONCEPT:  Yes  No

If yes, which attorney(s): Kevin Reed, Ryan Hagemann

### GENERAL SUBJECT MATTER

*Include the policy name and number of any existing policies associated with this concept.*

**Revision of UO Policy IV.09.05 to increase competitive procurement thresholds and clarify the calculation of those thresholds.**

### RELATED STATUTES, REGULATIONS, POLICIES, ETC.

*List known statutes, regulations, policies (including unit level policies), or similar related to or impacted by the concept. Include hyperlinks where possible, excerpts when practical (e.g. a short statute), or attachments if necessary. Examples: statute that negates the need for or requires updates to an existing policy; unit level policy(ies) proposed for University-wide enactment; or existing policies used in a new, merged and updated policy.*

**Federal Uniform Guidance Regulations**

### STATEMENT OF NEED

*What does this concept accomplish and why is it necessary?*

**UO's procurement thresholds have not been increased in more than 15 years. Inflation has rendered the old thresholds overly restrictive. Increasing these thresholds brings them in to alignment with their original intent of balancing access to UO business and fairness with UOs need to purchase goods and services quickly and efficiently.**

### AFFECTED PARTIES

*Who is impacted by this change, and how?*

**Entire Enterprise, reduced burden for purchasing goods and services under \$50,000/\$250,000.**

---

**CONSULTED STAKEHOLDERS**

*Which offices/departments have reviewed your concept and are they confirmed as supportive? (Please do not provide a list of every individual consulted. Remain focused on stakeholders (e.g. ASUO, Office of the Provost, Registrar, Title IX Coordinator, etc.).)*

~~For ease for reference, the following definitions from Policy IV.09.06 used in this Policy are provided below, and subject to change:~~

**Commented [KW1]:** I assume the changes you're making here also need to be made in IV.09.06?

~~“Competitive Process” means the process of procuring goods and services and construction-related services by fair and open competition, under varying market conditions, with the intent of minimizing opportunities for favoritism and assuring that Contracts are award equitably and economically using in determining such equitability and economy.~~

**Commented [GS2R1]:** Deleted to avoid competing policies.

Purchasing and Contracting Services creates and maintains purchasing and contracting procedures that detail how this ~~policy~~[Policy](#) is implemented. This ~~P~~[policy](#) does not cover Construction Contracts, as contemplated in Policy ~~580-063~~[IV.07.10](#).

### C. Procurement Card

The University may maintain procurement card services for the benefit of the University. Purchasing and Contracting Services will publish policies and procedures governing use of the procurement card.

### D. Goods and Services Contract Procurement Thresholds

(1) ~~When procuring goods or services, excluding Construction Contracts, the University will, at minimum, conduct the procurement procure goods and services based on the anticipated contract price, in accordance with the Direct Procurement, Informal Procurement, or Formal Procurement method, unless another method is applicable methods enumerated in this Policy, based on the anticipated contract price, reimbursable expenses, and all amendments contemplated by the parties. Multiple contracts, purchase orders, or purchasing requisitions will cannot be issued separately with the intent to circumvent this Policy. Except as otherwise allowed under this Policy, the following anticipated contract price thresholds and processes apply to University purchases of goods and services. The University may establish lower procurement thresholds for specific procurements or as a University policy or procedure.~~

Commented [KW3]: I assume this sentence is a carryover from the old OUS Policy. It doesn't make sense to keep it here.

Commented [GS4R3]: Deleted

(a) ~~\$2550,000~~ or less — Direct Procurement or other method of procurement that the Public University deems beneficial.

(b) ~~\$2550,000.01 to \$150250,000~~ — Informal Procurement, Formal Procurement, or other method of procurement, except the Direct Procurement method, that the University deems beneficial.

(c) Greater than ~~\$150250,000~~ — Formal Procurement or other method of procurement, except the Direct Procurement or Informal Procurement methods, that the University deems beneficial.

(2) Notwithstanding subsection (1), if the source of the funding for the procurement requires a different procurement method, the University ~~may~~ be required to comply with the procurement method required by the funding source in addition to this Policy.

Commented [KW5]: "may" or "must"? Or "will"? Or "shall"?

Commented [GS6R5]: Clarified

(3) For the purpose of determining the appropriate procurement threshold, the anticipated contract price can be calculated one of two ways:

(a) If the resulting contract is for a one-time purchase or project, the contract price is equal to any fees or expenses payable to the contractor for that one-time purchase or project.

(b) If the resulting contract is for a one-time purchase or project with renewal terms, the contract price is equal to any fees or expenses payable to the contractor in a single year term commitment.

## E. Methods of Procurement

The University will use the following methods of procurement when procuring goods or services.

(1) Direct Procurement. A process where the University negotiates with a single entity to provide goods or services.

(2) Informal Procurement. An informal process conducted in a manner that is likely to solicit at least three (3) responsive offers.

(3) Formal Procurement. A Competitive Process where the University:

(b) Publishes a notice of the procurement on the University procurement-business opportunities website and/or other medium for advertising that is accessible to the general public ~~and, at the discretion of the University, in a trade periodical, newspaper of general circulation, or other historically underrepresented business-targeted periodicals, University website, or other medium for advertising. The notice must that specify specifies~~ when and where the Solicitation Document may be obtained and the closing date/time. ~~The notice must be published~~ Respondents must be afforded a for a reasonable period to respond to the Solicitation. -under the circumstances the procurement.

(c) Conducts the procurement in accordance with UO Policy IV.09.02 and UO Policy IV.09.06580-061.

(4) Emergency Procurement. The President or Sr. Vice President of Finance and Administration, or designee, may declare an emergency in accordance with University policy when such a declaration is deemed appropriate. After the President or Sr. Vice President for Finance and Administration or designee has declared an emergency, the University may negotiate a contract with any qualified entity for services included in the scope of the emergency. The University will maintain appropriate records of negotiations carried out as part of the contracting process.

(5) Retainer. The University may conduct an Informal or Formal Procurement to enter into Retainer Contracts with multiple entities to provide goods or services at contracted rates of compensation, or compensation or based on an established set of qualifications.

**Commented [KW7]:** These seem very prescriptive for a Policy statement. Perhaps create a separate procedures document that outlines these steps and make this statement broader, like the Informal Procurement above it.

**Commented [GS8R7]:** Made some edits, but we do need to include minimum requirements as they establish the basis for a protest.

Determinations regarding equivalency and adequacy of processes for cooperating procurements will be made by the Chief Procurement Officer.

(10) Special Procurement. A special procurement is an exemption from competitive procedures that the President or [Sr.](#) Vice President for Finance and Administration determines is appropriate because it:

~~(Aa)~~ Is reasonably expected to result in substantial cost savings to the University or to the public; or

Determinations regarding equivalency and adequacy of processes for cooperating procurements will be made by the Chief Procurement Officer.

or

(b) Otherwise substantially promotes the public interest in a manner that could not practically be realized by complying with other processes described in this section.
