STATEMENT OF NEED
What does this concept accomplish and why is it necessary?

We propose combining and revising four university policies that cover vehicle usage so that they meet the definition of a university policy and no longer includes prescriptive, detailed, and inaccurate information. It is worth noting that the only new passage is the addition of the definition for the term “Volunteer.”

AFFECTED PARTIES
Who is impacted by this change, and how?

All individuals (including employees, students, and volunteers of the university) who are involved in the operation and/or maintenance of vehicles used for university business travel.

CONSULTED STAKEHOLDERS
Which offices/departments have reviewed your concept and are they confirmed as supportive? (Please do not provide a list of every individual consulted. Remain focused on stakeholders (e.g. ASUO, Office of the Provost, Registrar, Title IX Coordinator, etc.).)
