ENACTMENT & REVISION HISTORY

(The Chancellor presented a *Campaign for Excellence* to the Oregon State Board of Higher Education at its Meeting #494 on October 22, 1982, pp. 468-470. An important element in the *Campaign for Excellence* was referred to as the *Oregon Presidential Scholarship Program*, and the nonresident scholar plan was an outgrowth of that proposal.)

POLICY

Awards in the amount of \$1,000 (as a deduction against the out-of-state instruction fee), renewable for a maximum of four years, are granted to attract highly qualified nonresident scholars who might otherwise elect not to attend System institutions because of the high nonresident instruction fee. A maximum of \$500,000 plus the number of continuing students times \$1,000 in nonresident fee remission is available for this purpose each year.

Oregon Honors Scholarship Program

The number of new students each year shall be limited to the following distribution (unused quota in a given year will not be continued into an ensuing year):

<u>Institution</u>	<u>Undergraduates</u>	<u>Graduates</u>	<u>Total</u>
UO	100	20	120
OSU	100	20	120
PSU	75	10	85
WOU	50	10	60
SOU	50	10	60
EOU	0	5	5
OIT	<u>50</u>	<u>0</u>	<u>50</u>
TOTAL	425	75	500

The institutions shall establish standards and procedures for administering the award program, including criteria to determine outstanding academic programs (high school grades) and potential for college success (test scores) and indication that the student probably would not attend or continue without this incentive. Scholarships continue for students enrolled in good standing as long as the student is classified as a nonresident. Students who become resident students for fee purposes are no longer eligible for the Oregon Honors Scholarship Program.

Institutions shall record the basis on which academic potential was determined and track the continued enrollment for each recipient. Quota use (new and continuing students) shall be reported to the Office of Academic Affairs annually. Unused quota in a given year will not be continued into an ensuing year. Students who received Oregon Honors Scholarships in 1983-84 and 1984-85, and who are currently enrolled, will be reported in the quota use tally; students who received residency exceptions based on merit in 1983-84 and 1984-85 will not be reported in the continuing quota count.
